China No.1

Integrated Computerized Button Attaching Machine

JK-T1377E

JK-T1377E

Name: Integrated Computerized Button Attaching Machine
Feature: Automatic sewing, High efficiency

Advantages

1 Three Patterns, Easily Exchange

One machine has three button attaching patterns. Easily exchange three patterns by turning adjustment handle

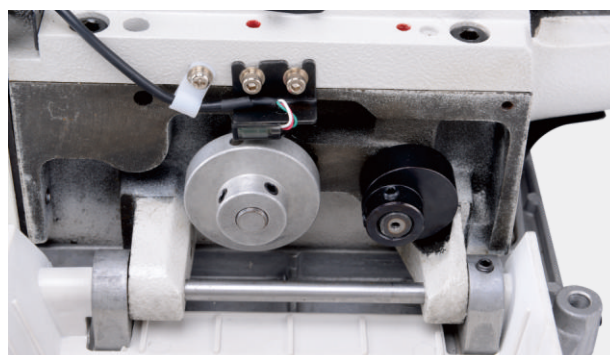

2 Integrated, Power Saving and Environmental Protection

Electronic control integrated, automatically stop, adjustable speed, power

3 LCD Operation Panel, Easy to Use

All parameter setting of numbers of needle, presser foot lifter etc. can be realized by keys on operation panel.

4 Eccentric Wheel optimization, Operation more stable

Reduce the vibration, extend the life of machine and improve the sewing quality
